

# Poster Presentations & Live Demos in HUMAN-COMPUTER INTERACTION

Dec 11, 2013

3:25 - 4:40 PM

Rettner Hall

See how students in the HCI course use human-computer interaction to:

- Find workout buddies
- Find ride shares
- Control a computer with your brain
- Learn how to hit the perfect note
- Have phones help you find clothes
- Help patients with rehab at home
- Make groups for classes
- Order food quickly
- Plan your classes

**There will be FREE FOOD.**
